

Substantial Amendment Criteria

Per the Notice of Funding Availability FR-5800-N-29: “The criteria for determining what changes in the Application constitute a substantial amendment requiring HUD prior approval are first, any change to the Application that would result in a change of more than 5 points in the score for capacity or soundness of approach or that would change the most impacted and distressed target area(s). Also, the following modifications will constitute a substantial amendment requiring HUD prior approval: a change in program benefit, beneficiaries, or eligibility criteria; the allocation or re-allocation of more than \$1 million; or the addition or deletion of an activity. Subsequent to award, a grantee may substantially amend the Application if it follows the same citizen participation requirements in this Notice for the preparation and submission of an Application, and HUD agrees in writing that the amended Application would still score in the fundable range for the competition. Prior to preparation and submission of any amendment, the grantee is encouraged to work with its HUD representative to ensure the proposed change is consistent with this Notice, and all applicable regulations and Federal law.”

Public Comment

Any individual or group may provide comments in response to the State of Illinois draft CDBG-NDR application. Comments must be provided by March 26th, 2015 by 11:59pm. Comments can be provided in the following formats:

- 1) Emails can be sent to Wes Cattoor at wes.cattoor@illinois.gov. Please include “NDRC Public Comment” in the Subject Line.
- 2) Send mail to Wes Cattoor, IDNR - Office of Water Resources, One Natural Resources Way Springfield, IL 62702-1271.
- 3) Send fax to Wes Cattoor at (217) 785-5014
